Congratulations Soujanya Sankathala!

You have been recognized in the B Applaud program by Venkata Krishna Kamma in the category of Responsibility.

Here is what was said about you:

Conquering is one such thing that cannot be achieved in a blink of eye.

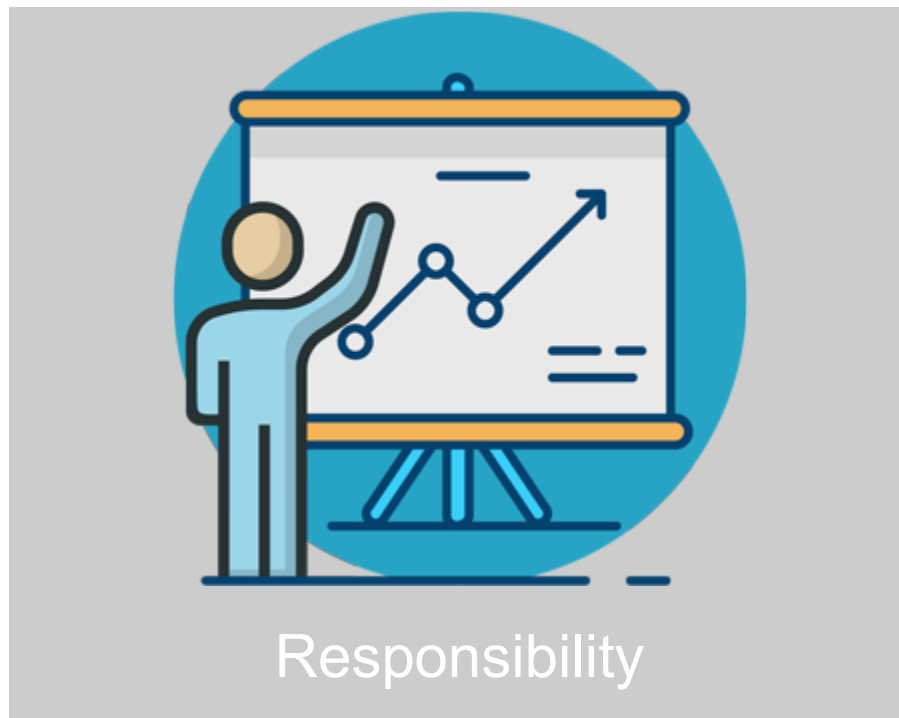

Your constant support, consistent dedication towards the PLM Cloud project is magnificent.

I am amazed several times to see the responsibility, accountability and hard-work you all have put into, to perform in ever-changing environments is the biggest challenge.

YOU have conquered it with an ease. I'm Inspired, motivated and learned significantly from YOU.

Congrats for making EVERYTHING POSSIBLE.
Thanks,
Venkat
